Rate:

4.5 lb per 1,000 sq ft.

A 50 lb bag will apply 1 lb of nitrogen when put down across 11,000 sq ft.

Always check product label for specific rates.

Derived from: Gypsum, MAP, SOP, Uflexx, and Urea.

CONDITIONS OF SALE

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use. Seller shall not be responsible for incidental or consequential damages, if any, resulting from a breach of warranty.

GENERAL INFORMATION

This fertilizer is blended to comply with Minnesota DOT specifications for type 3 fertilizer. These specifications make it an inorganic, 70% controlled release, coated prill urea fertilizer.

GREENGUARD PREMIUM FERTILIZER
