

CutDown™

Improves Management of:

Reduction of mowing/clipping, and turf enhancement of St. Augustine, Bermuda and similar warm-season grasses, plus Bluegrass, Ryegrass, Fescue, Bentgrass and similar cool-season grasses; also inhibits Poa growth

Save Time And Money By Treating Your Turf To Be Stronger, Not Longer.

CutDown™ is a highly effective plant growth regulator that can reduce your mowing frequency by up to 50% while promoting turf's root strength and lateral development. Containing 22.3% Paclobutrazol, CutDown slows vegetative growth by inhibiting gibberellin biosynthesis as it is translocated upward through the xylem of turfgrass.

CutDown will inhibit Poa growth more aggressively than other turf species, making it ideal for reducing Poa populations on golf courses and other highly maintained areas. CutDown is even rainfast in a short period of time.

Features

Fast activity; growth reduction observed within 3–10 days

Long residual action

Multi-site absorption with acropital movement

Gibberellic Acid (GA) inhibitor

Very aggressive on Poa

Benefits

Quickly slows growth and reduces the frequent need of mowing and trimming

Continues to provide mowing/clipping reduction for 6–8 weeks on turf

Absorption through leaf and roots offers more application flexibility; upward movement via the xylem means longer control and reduced loss from frequent clipping removal

Reduces vertical growth while providing enhanced lateral development and tighter turf knitting

Can be used to reduce Poa populations in various areas by up to 50%

Directions For Use:

Apply CutDown at rates from 6.4–48 oz./acre on turf. Clipping/mowing reduction will last for 6–8 weeks, depending on turf growing conditions. Avoid late spring applications to Bermudagrass, which may cause green-up to be delayed. For optimal results, apply with 2–5 gallons of water per 1,000 sq. ft. and irrigate within 24 hours.

Field Support:

When you need product or technical assistance, turn to Phoenix Environmental Care's local distributor network for responsive service and support. You can also direct any questions regarding CutDown to 1-888-240-8856 for prompt attention.
