

## Specials Good from June 15<sup>th</sup> to July 31<sup>st</sup>

**Aqua Fixx DG:** Aqua Fixx DG granular soil wetting agent helps improve problematic soil in dry areas that won't wet, areas where water pools on the surface without penetrating into the soil matrix, and high traffic areas where the soil is heavily compacted.

**Apply: 4-6 pounds per 1,000 sq. ft.**

Regular price: \$145.60

**Special Price: \$135.00**

**Aqua Fixx 216:** Aqua fix 216 is a surface active agent that helps water move into the upper area of the profile to aid turf growth, especially where water movement has been reduced during drought or localized dry spot. If water cannot penetrate and wet the soil, the availability for uptake by plants is reduced. The result is plant stress or the inability of seeds to germinate.

**Apply: 2-8 oz. per 1000 sq. ft.**

Regular Price: \$94.90

**Special Price: \$89.00**

**15-0-5 with Viper (25% controlled release Nitrogen):** 15-0-5 with Viper is a premium, broad spectrum broadleaf weed control product and turf fertilizer. This product gives superior control over many weeds like Dandelions, Clover, Black Medic, Vetch, and Thistles. Work best on wet foliage.

**Apply: 40 lbs. per 10,000 sq. ft.**

Regular Price: \$21.00

**Special Price: \$19.50**

### **Fast Fix: Turf Seed Inoculant Formulated for Repairing Divots**

Fast Fix is a unique blend of ingredients that when used as a seed treatment for divots, it improves the survival of the seed germinating seed. The water holding capacity of Fast Fix along with the Tazo helps keep the new roots moist and growing as the germination and emergence is occurring.

Regular Price: \$30.00

**Special Price: \$25.00**

**Rate: 1 lb / cwt of seed**

**4 Speed:** Advanced chemistry allows application up to 90° in a 3-way Ester formulation of 2,4-D, MCP, Dicamba plus Pyraflufen, to produce the fastest control (visual difference) of most broadleaf weeds. Rain-fast in 3 hours. Effectively controls ground ivy, clover, birdsfoot trefoil, plantain, poison ivy and oak, knotweed, thistle and many more.

Apply: 1.1 - 1.5 oz. per 1000 sq. ft.

	<u>1 gal.</u>	<u>2 ½ gal</u>
Regular Price:	\$58.70	\$119.30
<b>Special Price:</b>	<b>\$52.00</b>	<b>\$106.00</b>

**Hydrex:** HYDREXX is a dry, soluble fertilizer additive that allows applicators to stabilize their own liquid urea-based nitrogen source at the rate they choose for short- to medium-duration feeding.

**Rate: 20 oz. of Hydrex to 50 lbs. Urea for Umax and 20 oz. of Hydrex to 100 lbs. of Urea for Uflex**

Regular Price: \$10.00 per 20oz. bag

**Special Price: \$9.50 per 20oz. Bag**

**Urea** Regular Price: \$19.50

**Special Price: \$17.25**
